INSTRUCTIONS FOR USE: AROMA OIL BURNER

Thank you for purchasing our aroma oil burner. To ensure safe and pleasant use, please read the following guidance on use and care.

1. Safety during use

- **Take care during use:** The aroma oil burner becomes hot during use. Use it only on a stable, fireproof surface, away from flammable materials.
- **Keep away from children and pets:** The burner and the candle flame should be placed out of reach of children and pets, to prevent burns or accidental tipping over.
- **Avoid draughts:** Avoid using the burner in places exposed to draughts, to prevent the candle from being knocked over or the fire from spreading.

2. Use

- **Preparing the burner:**
  - **Water and oil:** Pour water into the bowl at the top of the burner, then add a few drops of aroma oil. Make sure the water level is sufficient to cover the bottom of the bowl.
  - **Candle:** Place a small tealight candle in the lower part of the burner, making sure it is positioned securely.
- **Use:**
  - **Heating:** Light the candle and place it in the burner. The heat from the candle will warm the water and oil, releasing the aroma into the room. Make sure the burner is placed where it will not be accidentally knocked over.
  - **Monitoring:** Never leave a burning candle unattended. Make sure the water in the bowl does not evaporate completely, to avoid scorching the oil and damaging the burner.
- **Finishing use:**
  - **Extinguishing the candle:** When you have finished using the burner, gently blow out the candle flame. Wait until the burner has cooled down before moving or cleaning it.

3. Care and maintenance

- **Cleaning:**
  - **Regular washing:** After each use of the burner, especially after the water has evaporated completely, clean the bowl thoroughly to remove any oil residue. Use a soft sponge and warm water with a mild detergent.
  - **Preventing build-up:** Regular cleaning of the burner prevents the build-up of oil residue, which may hinder even heating and affect the quality of the aroma released.
- **Storage:** Store the burner in a dry place, away from moisture, to avoid cracks or damage to the ceramic surface.

4. Final notes

- **Warranty:** Our aroma oil burners are covered by a quality warranty. If you find any manufacturing defects or mechanical damage, please contact our customer service department.
- **Warning:** The aroma oil burner must not be used in any way other than that described in the instructions. Do not use too much oil, to avoid an overly intense scent or excessive smoking.

Thank you for choosing our aroma oil burner. We hope it will bring you relaxation and enjoyment, filling your home with beautiful aromas.
