Instructions for Use – Glassware

Thank you for purchasing our glass products. To ensure they last a long time and are used safely, please read the following guidance.

1. Safe use

- **Handle with care:** Glass is a fragile material, so avoid knocks, pressing too hard and sudden changes in temperature, which can cause it to crack.
- **Keep away from children:** Glass vessels can pose a danger to children. Store them out of their reach.
- **Avoid sudden changes in temperature:** Pouring a hot liquid into a cold vessel may cause the glass to crack. We recommend warming vessels gradually.

2. Use

- **Washing:** Glassware can be washed in a dishwasher, but hand washing is recommended to avoid scratches and clouding. Use soft sponges and mild detergents.
- **Microwave:** Before using the product in a microwave, make sure it has no metal parts.
- **Storage:** Store glass vessels in places where they are protected from breakage – ideally on padded shelves or in special racks.

3. Care and maintenance

- **Avoid strong detergents:** We recommend using mild cleaning products to prevent damage to the glass and loss of shine.
- **Removing deposits:** For stains, you can use mild solutions of vinegar or bicarbonate of soda.
- **Checking condition:** Before each use, check that the glass has no cracks or chips. Damaged vessels must be taken out of use immediately.

4. Final notes

- **Warranty:** In the event of manufacturing defects, contact the customer service department.
- **Keeping the packaging:** It is worth keeping the original packaging until you have made sure that the product is in good working order.

MONDEX Anna i Jerzy Affek Spółka Jawna, with its registered office in Olsztyn (10-416) at ul. Towarowa 17, entered in the register of entrepreneurs kept by the District Court in Olsztyn, 8th Commercial Division of the National Court Register, under KRS number 0000005755, NIP: 7391010198.

Thank you for purchasing our glass products. To ensure their long service life and safe use, please follow these instructions.

1. Safety instructions

- **Careful handling:** Glass is a brittle material. Avoid impacts, excessive pressure and sudden temperature changes, which may cause cracks.
- **Keep out of the reach of children:** Glass vessels should be stored out of the reach of children

to prevent accidents.
- **Avoid sudden temperature changes:** Pouring hot liquid into cold glass may cause it to crack. Gradual heating is recommended.

2. Use

- **Washing:** Glassware can be washed in a dishwasher, but hand washing is recommended to prevent scratches and clouding. Use soft sponges and mild cleaning products.
- **Use in a microwave oven:** Before placing the product in a microwave oven, make sure that it contains no metal parts.
- **Storage:** Store glass vessels in safe places, preferably on padded shelves or in special racks.

3. Maintenance

- **Avoid aggressive cleaning products:** Use mild cleaning products so that the glass remains undamaged and shiny.
- **Removing stains:** A solution of vinegar or baking soda can be used on stains.
- **Checking the condition:** Before each use, check whether the glass has any cracks. Withdraw damaged pieces from use immediately.

4. Further information

- **Warranty:** In the event of defects, contact customer service.
- **Keep the original packaging:** Keep the packaging until you have checked that the product is in order.

Thank you for purchasing our glassware. To ensure a long service life and safe use, please follow the instructions below.

1. Safety instructions

- **Handle with care:** Glass is breakable. Avoid impacts, excessive pressure or sudden temperature changes, which may cause cracks.
- **Keep out of the reach of children:** Store glassware out of the reach of children to prevent accidents.
- **Avoid sudden temperature changes:** Pouring hot liquids into cold glass may cause it to crack. Gradual heating is recommended.

2. Use

- **Cleaning:** Glassware is dishwasher safe, but hand washing is recommended to prevent scratches and dullness. Use soft sponges and mild cleaning products.
- **Use in a microwave:** Make sure that the product does not contain any metal decorations before placing it in the microwave.
- **Storage:** Store glassware in a safe place, preferably on padded shelves or in special racks.

3. Maintenance

- **Avoid aggressive cleaning products:** Use gentle cleaning products to prevent damage to the glass and loss of shine.
- **Removing stains:** Use mild vinegar or baking soda solutions for stubborn stains.
- **Check the condition:** Inspect glassware for cracks before each use. Damaged items must be discarded immediately.

4. Additional information

- **Warranty:** If you find any defects, contact customer service.

- **Keep the original packaging:** Keep the packaging until you are sure that the product is in perfect condition.

Thank you for purchasing our glass products. To ensure their durability and safe use, please follow the instructions below.

1. Safety instructions

- **Careful use:** Glass is brittle, so avoid impacts, strong pressure and sudden temperature changes, as these may cause cracks.
- **Keep out of the reach of children:** Glass vessels may be dangerous to children, so keep them in a safe place.
- **Avoid sudden temperature changes:** Pouring hot liquid into a cold glass vessel may cause it to break. Gradual heating is recommended.

2. Use

- **Washing:** Glass products can be washed in a dishwasher, but hand washing is recommended to avoid scratches and clouding. Use soft sponges and mild detergents.
- **Microwave oven:** Before using the product in a microwave oven, make sure that it has no metal decorations.
- **Storage:** Store glass vessels in protected places, preferably on padded shelves or in special holders.

3. Maintenance

- **Avoid aggressive detergents:** Use mild cleaning agents to avoid damage to the glass and loss of shine.
- **Cleaning stains:** Use weak vinegar or baking soda solutions to remove stubborn stains.
- **Check the condition:** Before each use, check whether the glass has any cracks. Damaged products must be withdrawn from use immediately.

4. Additional information

- **Warranty:** If you notice any manufacturing defects, contact the customer service department.
- **Keeping the original packaging:** Keep the packaging until you are sure that the product is undamaged.
